

MIAMI GUNS VOLUME TWO AUGUST 3, 2004!

The unusual is the usual for Miami City's most notorious policewoman pair. When a killer starts sending cowboys to the great rodeo in the sky, Yao & Lu strap on their six-guns and visit Miami Western Village to lay down the law. The mayhem continues when a practical joker with a psychotic sense of humor hides time bombs throughout the city, forcing Yao into a pro-wrestling match of explosive proportions to uncover the perpetrator's plan. And finally, when her father cuts off her allowance, Yao reverts to feral basics by becoming a savage and primal jungle girl.

It'll take some female bonding and a whole bunch of bananas to bring Yao back to society! So just leave it up to the Miami Guns to get down to business with an abundance of beautiful buxom babes, plentiful parodies, and a hyper intelligent alligator with a weakness for panties!

JUSTICE IS SERVED!
